

INTRODUCING ANTIMICROBIAL\*

# KLEEN™ SAFETY CUTTERS

PHC & Klever Innovations are proud to introduce a line of safety cutters that utilize an advanced, antimicrobial material that is highly resistant to many bacteria, including antibiotic-resistant bacteria, and the Influenza A H1N1 virus!\*

Proven Effective Against  
H1N1 Virus, E Coli & Staph!\*

ISO  
22196  
CERTIFIED

ANTIMICROBIAL

A perfect complement to your  
existing hygiene protocols.

LAB TESTS SHOW BACTERIAL LOAD IS REDUCED BY OVER 99% WITHIN 24 HOURS

\* The active antimicrobial component has been tested against specific microbes including Influenza A H1N1, E. coli & E. coli O157, and Staphylococcus aureus, and successfully controlled and reduced their presence on a protected surface. Our products are not a substitute for proper hygienic practices, including hand washing. Patent pending.
